Printed in Spain

In this booklet you will find all the contents of the journal *Behavioral Psychology/Psicología Conductual* in its first 29 years, from **1993 to 2021**. All articles published **since 2020 are open access**, as are most of the articles published in previous years. You can download them from the www.behavioralpsycho.com website. Some of the articles are not yet included as open access, but we will gradually include them on the website. Articles are written in Spanish, in English, or in both languages. For more information about the organization which publish the journal, visit the website www.funveca.org

Contents of the journal Behavioral Psychology/ Psicología Conductual (1993-2021)

Psicología Conductual, 1993, Volume 1, Number 1

Past and present of clinical behavioral psychology in Spain (pp. 7-33)

Gualberto Buena-Casal¹, Vicente E. Caballo¹, Xavier Bornas², Miquel Tortella², and Mateu Servera²

¹*University of Granada (Spain)*, ²*University of Balearic Islands (Spain)*

Cognitive psychotherapy approaches to personality disorders (pp. 35-48)

Richard L. Wessler

Pace University (USA)

General anger: characteristics and clinical implications (pp. 49-67)

Jerry L. Deffenbacher

Colorado State University (USA)

Relationships among some behavioral and self report measures of social skills (pp. 69-91)

Vicente E. Caballo

University of Granada (Spain)

How to apply some main rules of the scientific method in changing irrational beliefs about self, others, and life conditions (pp. 93-100)

Albert Ellis¹ and Leonor I. Lega²

¹*Institute for Rational-Emotive Therapy (USA)*; ²*Saint Peter's College (USA)*

Cognitive and behavioral treatments of antisocial behavior in children: progress and research directions (pp. 101-130)

Alan E. Kazdin

Yale University (USA)

Motivational and personality correlates of psychological reactance and implications for cognitive therapy (pp. 131-140)

E. Thomas Dowd

Kent State University (USA)

Toward a new classification and a proposed nomenclature of electrodermal phenomena (pp. 141-153)

Esteve Freixa i Baquet

University of Lille (France)

Psicologia Conductual, 1993, Volume 1, Number 2

Views of Psychology held by Spanish postgraduated students (pp. 181-206)

Gualberto Buena-Casal, Susana Álvarez-Castro, and J. Carlos Sierra

University of Granada (Spain)

Modifying children's schema about intoxicant use: a preventive intervention against problematic use (pp. 207-220)

Luis Felipe Amunategui and E. Thomas Dowd

Kent State University (USA)

Behavioral multidimensionality of social skills: psychometric properties of a self-report measure, the EMES-M (pp. 221-231)

Vicente E. Caballo

University of Granada (Spain)

Assessment and treatment of generalized anxiety disorder: new perspectives (pp. 233-254)

Enrique Echeburúa Odriozola

University of País Vasco (Spain)

Experimental analysis of panic: the role of cognitions in panic attacks (pp. 255-270)

Cristina Botella Arbona and Rafael Ballester Arnal

Jaume I University (Spain)

Behavioral intervention in respiratory disorders (pp. 271-282)

Frank J. S. Donker¹ and J. Carlos Sierra²

¹Hospital St. Joseph (Holland); ²University of Granada (Spain)

Cross-cultural differences in the use of shame-attacking exercises: a rational-emotive therapy technique (pp. 283-288)

Leonor I. Lega

St. Peter's College (USA)

Advances in anxiety disorders: an interview with David H. Barlow (pp. 294-300)

Vicente E. Caballo

University of Granada (Spain)

Psicología Conductual, 1993, Volume 1, Number 3
(Monographic issue on “Pathological gambling”)

Addictive behaviors: a common route from crack to pathological gambling? (pp. 321-337)

Enrique Echeburúa Odriozola
University of País Vasco (Spain)

Alternative approaches to the measurement of the prevalence of pathological gambling (pp. 339-349)

Mark Dickerson
University of Western Sydney (Australia)

The impact legal slot machine gambling for children on gambling and pathological gambling in adolescence (pp. 351-359)

Sue Fisher
University of Plymouth (UK)

Basic and clinical questions on the psychology of pathological gamblers (pp. 361-374)

Robert Ladouceur
Université Laval (Canada)

The role of arousal, cognitive distortions and sensation seeking in gambling addictions (pp. 375-388)

Iain F. Brown
University of Glasgow (UK)

Prevalence, characteristics and treatment of pathological gamblers in the United States (pp. 389-407)

Henry R. Lesieur
Illinois State University (USA)

Pathological gambling: a treatment review (pp. 409-440)

Alex Blaszczynski
The University of New South Wales (Australia)

Matching treatments for pathological gamblers based on clinically meaningful factors (pp. 441-454)

Richard A. McCormick
Cleveland Veteran Administration Medical Center (USA)

Bibliographical guide to pathological gambling (pp. 455-468)

Elisardo Becoña, M. José Fuentes, and M. Carmen Lorenzo
University of Santiago de Compostela (Spain)

Psicología Conductual, 1994, Volume 2, Number 1

Family adversity, socioeconomic disadvantage, and parental stress: contextual variables related to premature termination from child behavior therapy (pp. 5-21)

Alan E. Kazdin

Yale University (USA)

The utility of structural equation modeling in cognitive-behavior therapy research (pp. 23-42)

Ralph M. Turner

Temple University of School of Medicine (USA)

Tolerance to drugs and classical conditioning (pp. 43-69)

Humberto M. Trujillo

University of Granada (Spain)

Phenomena associated to hipnosis I: hypnotic involuntariness, trance logic and perceptual alterations (pp. 71-89)

Andrés Catena

University of Granada (Spain)

Menstrual cycle and emotional responses (pp. 91-107)

Carmen Borrás Sansaloni¹, F. Javier Pérez Pareja², and Alfonso L. Palmer Pol²
¹*Rehabilitation Center, Palma de Mallorca;* ²*University of Balearic Islands (Spain)*

Insomnio familiar fatal (pp. 109-112)

José Francisco Navarro Humanes

University of Malaga (Spain)

Current challenges to research in psychotherapy (pp. 113-120)

Paulo Machado

University of Porto (Portugal)

Therapeutic implications of the adjunctive behavior model to the smoking habit (pp. 123-127)

José Errasti Pérez and Marino Pérez Álvarez

University of Oviedo (Spain)

Schizophrenic symptomatology in chronic psychiatric patients with long and short hospitalization periods: a differential study (pp. 129-133)

M^a Eulalia Acosta Gómez and Inocencio Vicente Cascón

Provincial Psychiatric Hospital of Sta. Cruz de Tenerife (Spain)

Letter to Editor (pp. 135)

Marsha M. Linehan

University of Washington (USA)

Psicología Conductual, 1994, Volume 2, Number 2

Psychoanalysis and behavior therapy: the Freudian error (pp. 149-164)

Hans J. Eysenck

University of London (UK)

Clinical judgement and the design of behavioral intervention programs: estimating the magnitude of intervention effects (pp. 165-184)

Stephen H. Haynes

University of Hawai (USA)

Phenomena associated to hypnosis II: hipermnesia (pp. 185-202)

Andrés Catena and M^a del Carmen Verdejo

University of Granada (Spain)

A study on the relationship between self-control and fears in children (pp. 203-214)

Inmaculada Moreno García, Luis Rodríguez Franco, and José Manuel Rodríguez González

University of Sevilla (Spain)

Analysis of attitudes and beliefs hampering organ donation and proposal of an intervention program (pp. 215-234)

Alfonso Blanco Picabia¹, M^a Ángeles Pérez San Gregorio¹, Francisco Murillo Cabezas², José M^a Domínguez Roldán², and Antonio Nuñez Roldán²

¹*University of Sevilla;* ²*“Virgen del Rocío” University Hospital at Sevilla (Spain)*

Increase of hypnotic involuntariness through the active-passive contrast (pp. 235-244)

Adolfo J. Cangas Díaz, Marino Pérez Álvarez, and José M. Errasti Pérez

University of Oviedo (Spain)

Psicología Conductual, 1994, Volume 2, Number 3
(Monographic issue on “Sleep disorders”)

Psychological perspectives in the diagnosis and treatment of insomnia (pp. 261-282)

Charles M. Morin

Medical College of Virginia, Virginia Commonwealth University (USA)

Narcolepsy (pp. 283-296)

José Francisco Navarro¹ and Raúl Espert Tortajada²

¹*University of Malaga;* ²*University of Valencia (Spain)*

Sleep apnea syndrome (pp. 297-310)

Luis Domínguez Ortega and Elena Díaz Gallego

Rúber Clinic, Madrid (Spain)

Jet-Lag (pp. 311-322)

Elena Miró and Gualberto Buena-Casal

University of Granada (Spain)

REM sleep behavior disorder (RBD) (pp. 323-330)

José Francisco Navarro¹ and Raúl Espert Tortajada²

¹*University of Malaga (Spain);* ²*University of Valencia (Spain)*

Restless legs syndrome and periodic limb movement disorder (pp. 331-346)

Raúl Espert Tortajada¹ and José Francisco Navarro²

¹*University of Valencia (Spain);* ²*University of Malaga (Spain)*

Sleep disorders in children (pp. 347-362)

Eduard Estivill

Dexeus Institute, Barcelona (Spain)

Sleepwalking (pp. 363-368)

José Francisco Navarro¹ and Raúl Espert Tortajada²

¹*University of Malaga (Spain);* ²*University of Valencia (Spain)*

Excessive daytime sleepiness and sleep disorders in the elderly (pp. 369-379)

Matilde Valencia-Flores¹ and Donald L. Bliwise²
